### Pairing a Bluetooth Device

1. Slide the power switch to **ON**, and press and hold the **Pair** button. The **Pairing Indicator** will display a rapidly flashing blue light. *When pairing, remain within 3 feet of the unit.*
2. Using the native controls on your Bluetooth device, select the **ISB64** in your Bluetooth settings to pair. If your device requests a password, enter the default password **0000**. *Refer to the user's manual for your specific device for instructions on pairing and connecting Bluetooth devices. After initial pairing, the unit will stay paired unless unpaired manually by the user or erased due to a reset of the device.*
3. When successfully paired and connected, a beep will issue from the unit and the **Pairing/Line In Indicator** will display a solid blue light. *If your device should become unpaired or you find it is unable to connect, repeat the above steps.*

### Playing Audio Wirelessly

1. To play or pause a selected track, use the native controls on the connected Bluetooth Device.
2. Audio played through the connected Bluetooth device will now be heard through the speaker.

## WARNINGS & PRECAUTIONS

---

### FCC Warnings

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### Additional Warnings and Precautions

- **WARNING:** Do not place this unit directly onto furniture surfaces with any type of soft, porous, or sensitive finish. As with any rubber compound made with oils, the feet could cause marks or staining where the feet reside. We recommend using a protective barrier such as a cloth or a piece of glass between the unit and the surface to reduce the risk of damage and/or staining.
- **WARNING:** There is a danger of explosion if you attempt to charge standard Alkaline batteries in the unit. Only use rechargeable NiMH batteries.
- **WARNING:** Lithium batteries, like all rechargeable batteries, are recyclable and should

be recycled or disposed of in normal household waste. Contact your local government for disposal or recycling practices in your area. They should never be incinerated since they might explode.
